

American Citizenship Report June 6 1946

I feel that by attending the American Citizenship Conferences I have made a great personal gain, ~~as each one has been~~
~~full of inspiration~~
I have learned the need of tolerance and that, we as a country, have a grave responsibility for the future. As Douglas Mac Arthur has said " It must be of the spirit, if we are to survive of the flesh."

~~I tried to put my report~~
I couldn't make a rhyme of my report as American Citizenship is not a word it is a symbol, but, I do feel like shouting here as I felt after each conference---

(In song)

GOD BLESS AMERICA THE LAND I LOVE

Thank You.

Mrs Robert B. Johnson

The Woman's Club
of Arcadia
